INSIGHT 01

Technology leads margin

Technology drives the highest revenue and strongest profit. Phones and Copiers are the standout sub-categories — double down here.

INSIGHT 02

Furniture is a margin trap

Tables and Bookcases consistently lose money. Revisit discount policy and supplier costs before scaling these SKUs.

INSIGHT 03

Focus West, East & Q4

West and East fund the business; Central underperforms. Revenue spikes every November–December — plan inventory and spend for Q4.
